2022 COLLECTOR'S GUIDE

CONNECTING
AMERICA THROUGH
COINS

MESSAGE FROM THE DEPUTY DIRECTOR

Dear Friends and Collectors:

On behalf of the talented and dedicated professionals serving at the United States Mint, I am delighted to present our 2022 Collector's Guide! We hope you will experience fresh reminders of why the phrase "mint condition" has become synonymous with "the very best." Despite the challenges we have all faced over the last two years, I believe this guide reveals that the Mint has not wavered from its mission of offering a diverse portfolio of the highest quality collector products to the public.

Since arriving at the United States Mint last fall, I've seen firsthand how sincerely my colleagues take their commitment to "connecting America through coins." Our products, which depict and honor quintessential American ideals and subjects such as American Liberty, American Innovation, Native American contributions, the First Amendment, and others, reflect our national identity and the values we hold dear.

The 2022 Collector's Guide features our popular annual proof, silver proof, and uncirculated coin sets; bronze medals; a variety of gold and silver coins; ornaments; and other treasures. As a woman leading the Mint at this moment in history, I could not be more proud of our new American Women Quarters™ (AWQ) Program! These inspiring coin designs tell the stories of extraordinary women whose contributions are indelibly etched in American culture. Generations to come will look at the coins featuring these designs and be reminded of what can be accomplished with vision, determination, and a desire to improve opportunities for all. The AWQ Program has captured the imagination of collectors and the general public, generating enormous interest and coverage in the national media.

This year, the National Purple Heart Hall of Honor Commemorative Coins honor the extraordinary sacrifices made by so many. The Negro Leagues Baseball Commemorative Coins celebrate the rich history of African American baseball and its contribution to the social advancement of America. Surcharges generated through these programs are authorized to benefit the National Purple Heart Honor Mission in its efforts to collect, preserve, and share the stories of all Purple Heart recipients, and to assist the Negro Leagues Baseball Museum in its mission to promote tolerance, diversity, and inclusion.

It's my unique honor and privilege to lead the United States Mint at such a pivotal time in our history. It is truly inspiring to work with my colleagues in bringing you products that are meaningful and represent so much more than the sum of their parts. Whether you are a seasoned collector, just getting started in the hobby, or are looking for that perfect gift, we hope the 2022 Collector's Guide will inspire you to expand your own collection and introduce your friends and loved ones to a new adventure in numismatics.
